Tony Rose B (Dry Floor)

The Orangeville Girls Hockey Association is excited about Photo Day 2021!

All players will receive an individual and a composite photo from the OGHA. Photo packages and extras will be available for order. All players, regardless of what they are ordering, must fill out an order form.

Photos will take place at Tony Rose B Rink on the Dry Floor. Players should come to Tony Rose fully dressed, with the exception of skates and helmets. Running shoes or flip-flops are recommended—not winter boots, as they don't work well with shin pads! Lower-legs will not be shown in photos (see photo examples). Players should bring a stick for individual photos. Players are strongly encouraged to arrive **EARLY** and be ready in the parking lot. Members of the OGHA Executive will be at Tony Rose to help organize teams and players inside the arena.

Players and team officials will enter Tony Rose B directly (**DO NOT** enter through the main lobby—Tony A). Masks must be warn when entering. Once inside, players will line up (distanced) and have their individual photos taken. Players will step forward, remove their mask, have several poses taken, and put their mask back on. Individual photos will be put together to create a composite team photo by the photographer. Players will then exit Tony Rose B and leave.

Teams are encouraged to come at their assigned times and be ready to enter as a group with their coaches, trainers and managers. If there are individuals who cannot make their team's assigned time, they must contact Michelle Whyte (<u>dmwhyte@rogers.com</u>) and arrange a specific time that works. There will only be one photo day.

Parents of FUNdamentals, U7 and U8 will be allowed to enter with their children. All other parents will need to wait outside the arena.

*PLEASE NOTE: Clocks go forward ONE HOUR on Sunday, March 14. Be sure you change your clock before coming for pictures!
